

## CONTACT INFORMATION

Gérard GUYARD  
Chief Executive Officer

## other manufacturing & business plants :

Troyes (France)  
Shanghai (Chine)  
Duluth (USA)

## KEY FIGURES

Turnover (2015) : 65 267 K€ (France)  
Employees : 390 (France)

## CERTIFICATION

ISO 9001 version 2008

## Equipment categories

Cutting tools / Machine-tool /  
Software

# GRAVOTECH

## PRESENTATION / KNOW-HOW

The word leader in the design, manufacturing and distribution of innovative solutions for Engraving, Marking and Artistic Modeling:

**Signage:** Signs for orientation, security, architecture and information on a wide range of technical materials for engraving, marking or printing.

**Fine engraving & milling:** Precision functional engraving and micro-machining for industrial parts production.

**Personalization:** Items personalized thanks to an engraving realised in a simple and productive way.

**Traceability:** Permanent and direct marking on industrial parts allowing their identification and traceability during their production or product lifecycle management

**3D CAD CAM:** for 3D cutting, engraving, and machining of artistic forms.

## MARKETED PRODUCTS

Laser technology	1	2				
Independent computer software (CAD, ERP, production planning and control, etc.)	1		3			
Machine Tools	1	2		4		
Cutter and reamer sharpening machines	1					
Laser cutting machines	1

We design, produce and distribute innovative and high-quality solutions

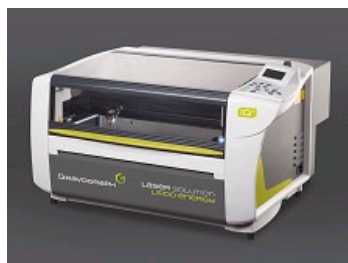

GRAVOTECH

LS1000XP : LARGE SIZE CUTTING AND ENGRAVING LASER SOLUTION

LASER SOLUTION F-SERIES :  
FIBER LASER MARKING

ENERGY 8 : HIGH QUALITY LASER  
ENGRAVING SOLUTION AT  
AFFORDABLE PRICE

SERENITY<sup>3</sup> : LASER CODING  
SOLUTION

## NEW AND KEY PRODUCTS

Serving the industrial productivity, TECHNIFOR presents its new generation of fiber laser marking "LASER SOLUTION F-SERIES": faster and more powerful. The new electronic offers natively all communication tools for continuous and instantaneous exchange with various integrated workstations in the production chain (dedicated and generic inputs / outputs, Ethernet IP, Ethernet TCP / IP, PROFINET, RS232, USB. ...). The possibilities of configuration, control and data logging are more advanced and allow his long-distance control.

## MAIN CUSTOMERS

MAIN MARKETS IN THE AUTOMOTIVE, AEROSPACE, HEAVY INDUSTRY, MEDICAL, OIL & GAS, CHEMISTRY, JEWELRY, RETAIL & LUXURY, INSTITUTIONS...
