 Measurement & control

VISIONIC

PRESENTATION / KNOW-HOW

VISIONIC has been a **French vision integrator specialist in industrial computing for more than 20 years**. The company delivers conceiving and integrating services as a solution with a complete coverage of customer project. **Complete service and warranty:** As an integrator, VISIONIC delivers a full range of services, from studies, up to expected results. VISIONIC combines all the project skills like: feasibility study, engineering, automatism, vision, industrial computing and maintenance. VISIONIC offers a complete range of generic industrial vision training and some specific training on its applications, tools and vision technologies. Thanks to its industrial culture, VISIONIC knows how to offer its customers **very competitive solutions** which are tailored to their specific needs. Currently more than 3.500 systems have been already installed by VISIONIC and are being supported.

MARKETED PRODUCTS

Welding robot	3					
Circularity measurement	4	5				
Profile and shape measurement	4	5				
Thread measurement	5					
Three-dimensional measuring machines	5					
Measuring robots	1	2	6			
Optical measuring and testing instruments	4					
2D measuring bench	5	7				
Vion and image processing inspection systems	4					
Video systems and endoscopes	5					
Industrial Vision	4	6	8			
intelligent camera (built-in processor)	4					
system with PC architecture (windows)	4					
Others systems	6	9				
Integrators	4	8

NEW AND KEY PRODUCTS

VISIONIC's vision software is really adaptable to the industrial sector:

- Insight Manager Software
- Laser inspection and dimensional machine.
- Special inspection and counting machine for pharmaceutical industry
- Special Turned Parts inspection machine

MAIN CUSTOMERS

AIRBUS - APTAR - AREVA - HERMES - KME - KNORR BREMSE - PSA - RENAULT - SAGEM - SANOFI - SCHNEIDER - SHELL
- SPERIAN PROTECTION ARMOR - TOTALGAZ - UMICORE - VALEO - WALOR - ZODIAC
