KEY FIGURES

Turnover (2014) : 10 M€
 part of the turnover on the export (market) (2014) : 40%
 Employees : 78

Equipment categories
 Welding, brazing, cutting /
 Industrial robotics / Assembly

CMF

PRESENTATION / KNOW-HOW

CMF, one of the world's leaders in complete mechanical solution researches, develops, designs, integrates, produces, assembles, tests and installs **single special machine up to complete production line**, according to specific customer's needs, all over the world.

CMF with dedicated and experienced project team will implement any project in the most demanding environment. Its leading mechanical, electrical and automation engineer will develop the own efficient production facilities of its customers based upon **proven, reliable and tested new technology**.

CMF expert customer support team is all over the world to support clients in their daily operations.

MARKETED PRODUCTS

Manufacturing and Process Automation	1						
Handling equipment for aligning and positioning of workpieces	1						
Loading and feeding equipment for machine tools	1						
other equipment for workpiece or tool handling	1						
Conveying equipment and systems	1						
Palletizing systems	1						
Automated guided vehicles	1						
Storage and retrieval machines	1						
Components to interlink separate production stages	1						
Other handling, loading and sorting equipment	1						
Assembly	1						
Automatic assembly machines	1						
Assembly lines	1						
Sheet metal assembly and welding machines	1	2					
Other assembling machines and equipment	1
