 Machine-tool

# SUD-OUEST SYSTEME

## PRESENTATION / KNOW-HOW

Sud-Ouest systeme mission is to design ever more innovative solutions for the renovation and manufacture of high quality specialized machines and tools.

### ACTIVITIES

- Total or partial overhaul and modernization of machine tools:  
 \* Overhaul of mechanical, hydraulic, electrical and electronic elements, extending of machining travel, adaptation of tool-changer modification and performance enhancement,...

- Manufacturing of special machines:  
 \* Design and development on the basis of specifications for special applications: titanium machining center, 2-20 T continuous rotary positioner, lifting and positioning units.

### INDUSTRIAL STRUCTURE

- Project design:  
 \* Electrical, mechanical, hydraulic, and automation engineering.
- Project implementation:  
 \* Projects for suppliers specialized in the machining of mechanical parts, in machine enclosures, in major automation, servodrive, measurement and spindle components.  
 \* Technical engineers are personally responsible for the success and completion of their projects.  
 \* Our experienced technicians carry out assembly, installation, wiring, start-up and adjustment.
- Service  
 \* The Technical Engineering and Sales Department drafts quotes and submits proposals.  
 \* After-Sales Service is provided by multi-skilled technicians.

## MARKETED PRODUCTS

Machine Tools	1					
Drilling machines - Multi way	1					

## BRANDS PORTFOLIO

MACHINE / HARD MATERIAL  
MILLING

20 T PLATE, BED & FOLLOX REST  
DESIGN AND MANUFACTURE  
TOOLING FOR WORPIECE HOLDER

GEMCOR RIVETER  
COMPLETE RECONSTRUCTION  
OF THE SUPPORTING  
STRUCTURE

PORTAL-FRAME-TYPE MILLING  
MACHINE DROP&REIN  
COMPLETE RECONSTRUCTION  
AND 5-AXIS UPGRADE

COMPOSITE BRAIDING CELL

## NEW AND KEY PRODUCTS

### CONTINUOUS ROTARY POSITIONERS

A complete range of rotary positioners

- Horizontal or vertical axis
- Lifting and positioning unit
- Diameter 600 – 3000 mm
- Payload 2000 – 40000 kg
- Torque 6 000 – 60000 Nm
- Positioning accuracy up to 20"

## MAIN CUSTOMERS

ACTEMIUM - ADT - AIRBUS - ARIANE GROUP - ALSTOM - CNIM CONSTELLIUM - CORIOLIS COMPOSITES - DASSAULT AVIATION - AD INDUSTRIE ETF - FIGEAC AERO - FRAMATOME - LATECOERE - MBDA - MECACHROME - MGP ASQUINI - MKAD - MTI - NEXTER - RATIER FIGEAC - SAFRAN - SPIE - STELIA AEROSPACE - FOREST LINE - MICHELIN - COMAU - PREMIUM AEROTECH - AIRCRAFT PROPELLER SERVICE - AUBERT ET DUVAL - GKN AEROSPACE - SAAB.
