PARVEAU

PRESENTATION / KNOW-HOW

Founded in the 50's by two brothers, the company is at first a small family factory of furniture. After 2 years of development, Mr. PARVEAU invents the **Alternax** three knives mortising machine, which will soon become essential to wooden furniture manufacturers. With the passing of the years, a range of machines is developed with the simple **tenoning machines**, the **double-end tenoning machines** and the **framing machines**. Our job is the **design, fabrication** and the **merchandising** of **industrial joinery equipment**, in the fields of **wood, PVC** and **aluminium**.
