KEY FIGURES

Turnover (2014) : 79.2 M€
 part of the turnover on the export
 (market) (2014) : 90%

CERTIFICATION

ISO 9001 version 2000

Equipment categories
 Robotics / CNC / Assembly

SEPRO GROUP

PRESENTATION / KNOW-HOW

Founded in 1973, SEPRO was one of the first companies in the world to develop **Cartesian CNC robots for plastic injection molding machines**. SEPRO is the First robot manufacturer in France, N°1 in the European and North American markets and in the Top 3 worldwide.

Based in La Roche sur Yon (France), the company is **present in 50 countries** around the world with a network of 8 subsidiaries in Germany, Spain, Benelux, the United Kingdom, the United States, Mexico, Brazil and China and is represented by a network of 40 exclusive distributors. SEPRO employs 400 people of 17 different nationalities, 100 of which in their foreign subsidiaries.

In 2014, under the "**Your Free Choice in Robots**" slogan, the company achieved a turnover of 79.2 million Euro and exported 90% of its production with 45% outside Europe.

SEPRO works with the big names in the automotive, multimedia and packaging industries and has equipped more than 25,000 injection molding machines worldwide.
