## CONTACT INFORMATION

Christophe ABRY  
Sales Director

### other contact :

Hélène KOCH  
Executive Assistant - Sales Assistant

### other manufacturing & business plants :

Cinetic Automation Idf ZA la Nozole, rue de l'Orme 91540 Fontenay le Vicomte

## KEY FIGURES

Employees : 118

## CERTIFICATION

ISO 9001 : 2008 & ISO 14001 : 2004

Equipment categories  
Robotics / CNC / Assembly

# FIVES CINETIC

## PRESENTATION / KNOW-HOW

FIVES CINETIC develops automation solutions with a combined competency in mechanics and controls enabling to supply global industrial solutions to serve many industry sectors. **Process Automation**: high productive, efficient, evolutionary and skeletal equipment which enables you to keep full control over the process.

**Automation of component flow**: from the simple loading of a machine up to the optimization of a complete manufacturing workshop, our solutions are conceived to maximize the availability of your production means.

## MARKETED PRODUCTS

Machines and technical equipment for assembly, packaging	1					
Flexible manufacturing cells and systems	1					
Other deburring systems	1					
Induction hardening, induction heat treatment machines	1					
Washing, cleaning and degreasing machines		2				
Industrial washing equipment		2				
Chucking systems	1					
Workpiece and tool handling	1					
Conveying equipment and systems			3			
Palletizing systems	1					
Storage and retrieval machines	1					
Components to interlink separate production stages	1					
Other handling, loading and sorting equipment	1					
Storage of workpieces and tools			3			
Components to interlink separate production stages			3			
Screwing units	1					
Assembly lines	1					
Assembly robots	1					
Industrial robots			3			

## BRANDS PORTFOLIO

1

CINETIC

WOOD PANEL STORAGE

CRIMPING

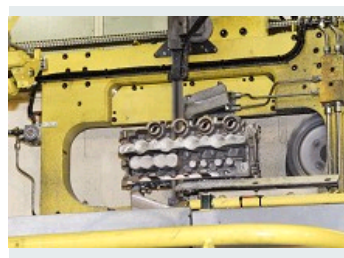

HP WATER CUTTING OF WOOD PANELS

ROBOTIC MACHINING

WASHING

SAWING

## NEW AND KEY PRODUCTS

FIVES CINETIC **has already demonstrated its expertise in the following sectors:**

Robotics - Heat Treatment - HP water cutting of wood panels - Surface treatment, enamelling - Deburr - Washing - Assembly and torquing - Welding - Robotic machining - Vision - Control (gauging, leak-testing...) - Retrofit of controls - Factory information systems - Finishing - Gluing - Foundry - Crimping...

Our tools: **Robots, Gantries, Conveyors, ASRS, Shuttles, Pick & places...**

We help you to meet your industrial challenges by integrating to the transport systems **traceability, supervision and production control means.**

Based on our standard products or any commercial component, FIVES CINETIC brings solutions to all your **machines loading and production flow problems.**

## MAIN CUSTOMERS

ALSTOM - S.A.L.M - IMERYS - PSA PEUGEOT CITRO&EUML;N - GRUNDFOS - RENAULT - JOHN DEERE - NTN SNR - MONTUPET - CATERPILLAR - ATLANTIC - SAINT GOBAIN - MICHELIN - EADS SOCATA...
