# CERI - RENÉ CLÉMENT

## PRESENTATION / KNOW-HOW

CERI has been **constructing and manufacturing machine tools since 1976** and has gained worldwide industry acclaim for its know-how and expertise in the design and manufacture of machining assemblies. From the design phase until delivery of the product, CERI and its customers work closely together to achieve a common goal: to satisfy the needs for **quality, reliability and productivity** and comply with **safety, maintenance and environmental standards**. CERI also provides **retrofit and repair** services for existing lines and machines.

## MARKETED PRODUCTS

Machine Tools	1								
Centering and end facing machines	1								
Drilling machines	1								
Deep hole drilling and boring machines		2							
Fine boring machines, horizontal	1								
Fine boring machines, vertical	1								
Cylinder re-boring machines	1								
Milling machines	1								
Circular table milling machines	1								
Machining Centers	1								
Flexible manufacturing cells for prismatic parts	1								
Flexible manufacturing cells for axial parts	1								
Rotary indexing table machines	1								
Transfer lines	1								
Drilling units	1								
Milling units	1								
Boring units	1								
Threading and tapping units	1								
Special units	1								

## BRANDS PORTFOLIO

NEW MACHINING LINE

MACHINING CENTRE

WORKPIECE CLAMPING FIXTURE

MACHINE RETROFIT

MACHINING UNITS

ROBOTISED LINES

## NEW AND KEY PRODUCTS

Range of conveyors, carousels and robotised cells.

SERIMATEC SN: [www.serimatec-sn.com](http://www.serimatec-sn.com)

SERIMATEC SN manufactures **handling systems** for various products **in all industry sectors** such as the automotive, agri-food, cosmetics, pharmaceutical, paper, energy, rail and aeronautical sectors to name a few.

## MAIN CUSTOMERS

**AUTOMOBILE MANUFACTURERS** : PEUGEOT - RENAULT - CITROEN - DACIA - FORD

**SPARE PART MANUFACTURERS** : VALEO - BOSCH - BENTELER AUTOMOTIVE - NACAM...

**OTHER INDUSTRIES** : CATERPILLAR - JOHN DEERE - ALSTOM...
