# **MAGAFOR**

# PRESENTATION / KNOW-HOW

The MAGAFOR **precision cutting tools** will help you to solve your centering - chamfering - micro milling and reaming problems.

All these **upscale tools**, made whether from HSS-Cobalt or carbide, meet your requirements and expectations.

### MARKETED PRODUCTS

Step drills  Boring bits  Reamers  Countersinks and core drills  Engraving tools  Finishing tools  Ent finishing tools  Bent finishing tools  Notching tools  Milling cutters and mills and gear shaper cutters, disc type  Slot millers  Broaching tools  Broaching tools  Cutting tools  Cutting tools  Cutting tools  Manual deburring tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators  Oiling and greasing systems	centre drills		2			
Boring bits  Reamers  Countersinks and core drills  Engraving tools  Finishing tools  Bent finishing tools  Notching tools  Milling cutters and mills and gear shaper cutters, disc type  Slot millers  Milling pins  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators	Sten drills		2			
Reamers  Countersinks and core drills  Engraving tools  Finishing tools  Bent finishing tools  Notching tools  Milling cutters and mills and gear shaper cutters, disc type  Slot millers  Milling pins  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators  2  2  3  4  5  6  7  7  8  7  8  7  8  7  8  7  8  7  8  7  8  8	·		2			
Countersinks and core drills  Engraving tools  Finishing tools  Bent finishing tools  Notching tools  Milling cutters and mills and gear shaper cutters, disc type  Slot millers  Milling pins  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators			2			
Engraving tools  Finishing tools  Bent finishing tools  Notching tools  Notching tools  Milling cutters and mills and gear shaper cutters, disc type  Slot millers  Milling pins  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators			2			
Finishing tools  Bent finishing tools  Calculate the finishing tools  Possible the finishing tools  Rotching tools  Milling cutters and mills and gear shaper cutters, disc type  Calculate the finishing tools  Slot millers  Milling pins  Calculate the finishing tools  Calculate the finishing the finishin			_			
Bent finishing tools  Notching tools  Milling cutters and mills and gear shaper cutters, disc type  Slot millers  Milling pins  Broaching tools  Broaching tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators	Engraving tools		2			
Notching tools  Milling cutters and mills and gear shaper cutters, disc type  2  Slot millers  Milling pins  2  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators  1  2  1  2  1  2  1  2  1  2  1  2  1  2  1  3  4  4  5  6  7  7  7  7  7  7  7  7  7  7  7  7	Finishing tools		2			
Milling cutters and mills and gear shaper cutters, disc type  Slot millers  Milling pins  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators	Bent finishing tools		2			
Slot millers  Milling pins  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Cutting tools, coated  Cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators	Notching tools		2			
Milling pins  Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators	Milling cutters and mills and gear shaper cutters, disc type		2			
Broaching tools  Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators  3  1 2  Cutting tools  1 2  Cutting tools  1 1 2  Cutting tools  1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	Slot millers		2			
Shaving cutters, deburring tools  Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators	Milling pins		2			
Cutting tools, coated  Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators  2  Lutting tools  1  2  1  1  1  1  1  1  1  1  1  1  1	Broaching tools			3		
Other metal cutting tools  Manual deburring tools  Lubrication equipment and devices  Oil mist lubricators  2  1 2  1 2 1 1 2	Shaving cutters, deburring tools	1	2			
Manual deburring tools  1 2  Lubrication equipment and devices  1 Oil mist lubricators  1 1	Cutting tools, coated		2			
Lubrication equipment and devices  Oil mist lubricators  1	Other metal cutting tools		2			
Oil mist lubricators	Manual deburring tools	1	2

#### **BRANDS PORTFOLIO**

NOGA

MAGAFOR

HASSAY SAVAGE

# Transform your machining center in profit center!

# **MAGAFOR**

TOOLS ADAPTED TO MODERN NEEDS AND DEMANDING CUSTOMERS

NC-MACHINES AND ROBOTS

**NEW TECHNOLOGIES** 

LASER, VIDEOS, CONSTANT QUALITY CONTROL

SERVICE RATIO >99%

**AUTOMATIZED PROCESS** 

# **NEW AND KEY PRODUCTS**

Multifunction tools and for combined machining. Micro tools starting from the diameter 50 microns.

# MAIN CUSTOMERS

ALL METAL REMOVING SPECIALISTS WORKING ON MACHINE TOOLS.
