PAKEA

PRESENTATION / KNOW-HOW

More than a supplier of production equipment in the field of **packaging and processing of cardboard**, PAKEA member of NSC Packaging, has been for many years an **innovative partner**, to listen to the market and offers industrial solutions to every problem.

PAKEA offers to its customers :

- competent and dynamic team,
- excellent office design and development,
- a very long experience in the market of global references,
- a wide range of facilities with many versions and options,
- a range of standard and well proven machines.

Its manufacturing program includes :

- For **PAKEA Converting** : Lines for the production of cardboard tubes, edge Protectors/cardboard profiles and fibre drums,
- For **PAKEA Packaging** : Lines for the production of round and non-round composites cans.
