HANNECARD

PRESENTATION / KNOW-HOW

Founded in 1929, HANNECARD Group is a leading supplier in Europe for **roller coverings such as rubber, polyurethane and composite** dedicated to paper or printing processes, as well as many other industrial applications.

Since 2010, the HANNECARD group has heavily invested in R&D, qualified personnel and specific equipment for its **division dedicated to the paper industry: HANNECARD PAPER**.

ISO 9001 certified and constantly inspired by its motto "Passion for Performance", HANNECARD PAPER is a **worldwide actor, fully customer and solution oriented**, specialized in:

- Composite, Polyurethane, Rubber and Carbide (chromium and tungstene) covers for (press) rolls and cylinder in Paper Machines
- On-site grinding and thermal sprayed coating
- Supply of new rolls and mechanical roll services (suction press rolls, crown compensated rolls, spreader rolls...)
- Roll audits and expertises
- NIP profile and dewatering optimizations.
