KEY FIGURES

Turnover (2020) : 55 M€
part of the turnover on the export (market) (2020) : 80%
Employees : 250

CERTIFICATION

ISO 9001:2008 - ASME - AD2000 - HPO
TÜV - CHINEESE LICENCE SELO

ALLIMAND

PRESENTATION / KNOW-HOW

Since 1850 the ALLIMAND Group is a global leader in the design and manufacturing of high value-added paper, board and Nonwovens machines and offers each of its customers the expertise and equipment necessary to carry out their projects to ensure a tailor-made service while deploying human expertise and technology to create ever smarter paper mills and fibre applications.

ALLIMAND has its own manufacturing workshops and suppliers around the world to ensure supplies as quickly and inexpensive as possible. Present in 34 countries, ALLIMAND supports its customers around the world.

The 5 ALLIMAND pilot machines combined with team experience allows the ALLIMAND group to offer innovative processes and original equipment. Composite, Nonwovens, specialty paper, packaging, graphic paper, the ALLIMAND machines and expertise are capable of producing a very wide range of fibrous products.

These finished products are in our everyday lives: teabags, filters for the motor industry, bank notes, packing boxes, coffee pods, decorative paper, wallpaper, energy storage, water filtration, automobile, aeronautics.

ALLIMAND Services accompany producers for the duration of their machine's service life. A department dedicated to after-sales services and spare parts supply for ALLIMAND customers and prospects, anywhere in the world.

MARKETED PRODUCTS

Equipment for paper machines	1								
Centrifugal pumps	1								
Paper and board, non woven machines, parts of machines	1								
Reconditioned or new paper and board machines	1								
Air cushioned and hydraulic headbowes	1								
Formers	1								
Shake units	1								
Dryers sections	1								
Sizers	1								
Reels	1								
Two drums winders	1								
Pilot machines as: coaters, non woven paper machine, refining station, soft calender	1

ALLIMAND NONWOVENS MACHINE

NEW AND KEY PRODUCTS

ALLIMAND designs and manufactures paper, board and Nonwovens production lines since 1850.

ALLIMAND develops key equipment for the paper and Nonwovens machines and proposes reliable high tech solutions, such as: **“S4” Hydraulic Headbox** with automatic dilution control, **“e Box & SFP” Airloded Headbox** with linear header, **Hydrofiber**, **“ISA” Inertial Shaking unit**, **Fourdrinier**, **Top Former** for twin wire dewatering, no-draw press section with automatic sheet threading, **Naos Shoe Press**, **Single Faros Shoe Press**, **Single felted dryer section**, **“SC” Sizer** for sizing/pigmenting and coating, **“A”soft Calender** and swimming rolls, **G Reel** with centre drive control.

The company's agility and teams' know-how allow ALLIMAND to be a major actor in the rebuilding and improvement of existing paper, board, Nonwovens and composite production lines.

Quality improvement, speed increase, change of production process or type of product produced, the ALLIMAND rebuilds give new life to customer installations while allowing customers to optimize their machine parks.

ALLIMAND has developed **5 industrial pilot machines** (Nonwovens machine, SC sizer, jet flour coater, curtain coater, refining station) and signed partnerships with leading research and education institutes.

Through these efforts and with an annual investment of 5% to 10% of the company's turnover, ALLIMAND's customers are provided with the best technology.
