Machinery for the paper and
board industry

STEINER

PRESENTATION / KNOW-HOW

Created in 1881, STEINER SAS, based in Saint Marcel, France, was run as a family business for more than a century before beginning its industrial metamorphosis within the Orgasynth Group and continuing its expansion within the Axyntis Group from July 2007 onwards.

A EUROPEAN DYESTUFFS PRODUCER:

With more than 10,000 tonnes of yearly capacity, STEINER is one of the sole dyestuffs manufacturer in Europe to guarantee full mastery of all the critical stages from synthesis to formulation of dyestuffs, in liquid or solid phases. Its laboratories, warehouses, production, drying, milling and formulation capacities and its water treatment plant make the Saint Marcel site a unique facility.

CLOSE TO CUSTOMERS:

With its 70 highly-skilled employees, maintaining the strictest confidentiality, STEINER offers its customers, custom dyestuffs formulation and a broad range of dyes available from its catalogue. Customers can be sure that STEINER will keep its promises in terms of quality, delivery times and quantities. Its sales and technical support resources, available throughout Europe, also mean that it is able to provide its customers with on-site added-value services relating to the use of its dyes.

SERVING THE PAPER INDUSTRY:

Oil and paper industry represent the main outlet for the dyestuffs produced and formulated by STEINER. The company provides the paper industry with Direct, Pigment and Basic dyestuffs that can be used in all kind of paper:

- Cardboard
- Office & Printing
- Tissue
- Special Papers.

STEINER is ISO 9001 version 2008 and ISO 14001 certified and has its own incorporated staff to manage the new Reach legislation.
