## PRESENTATION / KNOW-HOW

Who we are – what we do

The French Paper Industry Technical Association (ATIP) brings together its members – papermakers and suppliers – and is dedicated to promoting and improving the technical and scientific knowledge in the industry.

We provide:

- Networking opportunities to our members by organizing events :
  - An annual conference with technical experts and a supplier exhibition,
  - Mill visits,
  - Work groups,
  - Technical meetings,
  - Technical training sessions
- Easy access to innovations and new technologies with our scientific journal and Innovation Awards
- Opportunities to exchange with other European technical associations
